integrity in action*

About Us

Smart Vision for Consultancy and Development is a premier firm based in Somalia/Somaliland, with over 15 years of experience and a portfolio exceeding 235 completed projects. We deliver practical, results-driven solutions across diverse sectors and regions, partnering with more than 70 organizations including NGOs, UN agencies, government institutions, and private enterprises throughout Somalia/Somaliland and the greater Horn of Africa.

Renowned for timely, high-quality delivery, we consistently exceed expectations by aligning global standards with deep local insight. Our work is grounded in a strong understanding of implementation contexts, target groups, and evolving policy landscapes. Backed by robust research infrastructure and trusted regional networks, we remain agile and culturally responsive, ensuring lasting impact across every assignment.

“Choose Smart Vision For Consultancy & Development to turn challenges into lasting impact through solutions that unite global standards with deep local insight.”

OUR GUIDING PRINCIPLES

At Smart Vision we uphold clear vision, pursue purposive mission, and honor values that guide our work:

Our Vision

Leading consultancy for research, innovation, and sustainable development in Africa.

Our Mission

To provide data-driven research, evidence-based solutions, and capacity-building services that strengthen organizations and promote resilience.

ACCURACY

We ensure that our data is as accurate as possible through our well-capacitated teams and quality control measures.

INFORMATION INTEGRITY

The reliability and validity of the data we collect on behalf of clients is of utmost importance to our business model and reputation, we ensure that the data that guides client programming is robust, consistent, and trustworthy.

TRANSPARENCY

We are completely transparent in the purpose of our assignments when communicating with our target clients and population.

RESPECT FOR CULTURE AND RELIGIOUS BELIEFS

We conduct data collection in a manner that does not offend the cultural and religious sensitivities of the study populations, and without imposing our personal opinions on their beliefs and practices.

Our Track Record

FROM VISION TO LEGACY: OUR JOURNEY OF TRANSFORMATION

Over Fifteen years, Smart Vision has transformed from a single office into a nationwide consultancy with six strategic hubs, completing 235 projects that build credibility, expanded regional presence and shaped natural reforms.

Each phase-foundation, diversification and maturity – marks a deliberate trajectory of growth, where evidence-based evaluations, advisory services and capacity strengthening initiatives, advanced innovation and delivered systemic impact, positioning smart vision as a trusted partner in sustainable development and policy influence.

2021 - 2025

Maturity and Nationwide Impact.

Between 2021 and 2025, Smart Vision Consultancy & Development consolidated its maturity and broadened its footprint by establishing six regional hubs across Somalia/land and building on a cumulative portfolio of more than 235 projects since inception.
